Executive Summary

Orange County Public Schools is the ninth-largest school district in the United States and the fourth largest in Florida. The district serves more than 206,000 students at 202 schools and is one of the largest employers in Central Florida with more than 25,000 team members.

Vision: To ensure every student has a promising and successful future.

Mission: With the support of families and the community, we create enriching and diverse pathways to lead our students to success.

School Collection Development Plan

DEERWOOD ELEMENTARY serves 479 students enrolled in #N/A grades. The student population's ethnicity is made up of 34% Hispanic and 66% Non-Hispanic students. Additionally, we serve a diverse population made up of 81% White, 11% Black, 0% Native, 3% Asian, 1% Pacific, and 2% Multicultural students.

The administration includes Principal Melanie May and Assistant Principal Natalie Shepherd. DEERWOOD ELEMENTARY is proud to offer the many special programs which provide students with opportunities. These include KKids, Chess Club, Battle of the Books.

A thorough analysis of the current media center collection at DEERWOOD ELEMENTARY indicates that the average age of the collection is #N/A and the number of books per student is #N/A. The [American Association for School Libraries](#) has established a criteria for a highly effective media center that includes a ratio of 15-20 books available per student in the collection. At this time, DEERWOOD ELEMENTARY does meet the recommended standards for the number of books per student.

The analysis of the collection also revealed the following areas of strengths and concerns:

- We have a diverse collection of Hispanic books as well as a diverse collection of SEL titles.
- The age of our collection is better than the district average but is of concern and will be considered as we purchase new resources in each area of the library.
- There are 1117 audio, ebooks, and digital magazines available in SORA.
- There are over 80,000 digital audiobooks available for our students through Learning Ally.

Collection Analysis

The collection is developed for and influenced by students, their interests, academic needs and alignment to the curriculum. The data below is a snapshot of the collection based on a Titlewise Analysis.

Library media resources are curated to include both recently published works and classics that both rightfully impact the average age of the collection.

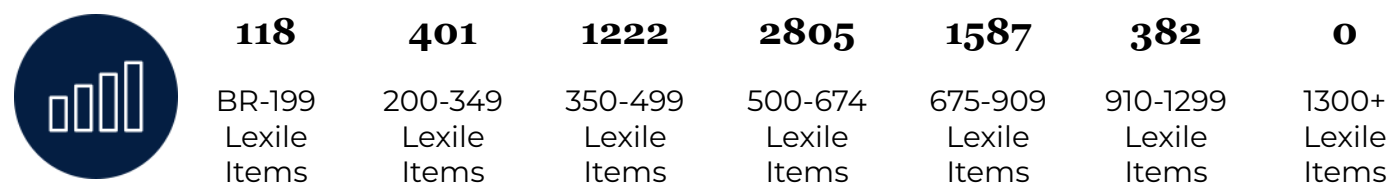

Library media resources should be representative of the school. A commitment to representative literature is reflective of **OCPS values such as equity, inclusion, and respect.**

Social-Emotional Learning (SEL) library media resources can contribute to the **development of character and social-emotional skills**, one of the OCPS's key performance indicators.

Library media resources are distributed across the **lexile reading level ranges** noted below.

Collection Analysis by Category

The information collected in this section provides a detailed look at the current library collection by classification and genre. The information was gathered from Follett Destiny, the library management system, and Titlewave, the vendor's ordering and analysis tool.

Representation Analysis

To deepen focus on strategic collection development, specific sections of the collection were analyzed in detail to determine whether the media center collection reflects and represents various points of view and experiences. The goal is to provide a balanced collection that can be both a mirror, to reflect a reader's experience, and a window, so readers can experience different viewpoints.

Results

Based on the available school data of DEERWOOD ELEMENTARY in comparison to Collection Analysis results, it was found that:

Representation Focus	Avg. Age of Target Population Titles	# of Target Population Titles	% of Target Population Titles	% of Students
Hispanic	2011	2,944	34%	34%

Summary

After completing a deeper, targeted analysis of the representation section of the TitleWise report, it was determined that:

- We currently have a good percentage of our collection representing our targeted population. As our demographics change, we will continue to look closely at our collection.

Strategic Focus

This page lists the priorities for selection and weeding for each school year and includes the action, updates, and outcomes. This is subject to change due to funding and time constraints.

School Year	Strategic Focus
<p>2022-23</p>	<p>Selection Priorities</p> <ul style="list-style-type: none"> • Since the average age of technology books is 2015, we will look for more current resources and encourage students to utilize digital resources. • Since the average age of social science books is 2010, we will add more recently published titles to the collection. • Since the average age of history & geography titles is 2013, we will streamline our collection of state and country books to be more representative of our immediate area and encourage students to use current digital resources for research.
	<p>Weeding Priorities</p> <ul style="list-style-type: none"> • Weeding will focus on the OCPS Catalog Project as well as aged titles in fiction and/or nonfiction.
