

Florida VPK
HOW DO I APPLY?

Parents must use Florida's Early Learning Family Portal to enroll a child in VPK

Step 1: Visit the Family Portal to complete the application online ([click here](#)). Please have the following documents scanned:

1. proof you reside in Florida (e.g. utility bill, bank statement)
2. proof your child turns 4 years of age by September 1 (e.g. birth certificate, passport)

Families with eligible children will receive a certificate of eligibility. Please keep this document in a safe place as you will need it to enroll your child in the VPK program.

Step 2: Take certificate of eligibility to elementary school to enroll in VPK.

Here are videos to help you become familiar with the process:
